

Very Special Events Coming Up!

July 21 & 22 Place of Rescue Annual Trip to the Beach.

All our children and adults anticipate this event with much joy. This year will be super special as everyone from both Place of Rescue I and Place of Rescue II in Mongkol Borey will head off to the beach together. This means that 500 people will travel together in a convoy of buses. They will have a wonderful time enjoying the water and each other. Taking advantage of the location, we plan a baptismal service for youth and adults. A friend from St. Albert Alliance Church in Alberta is making this wonderful occasion possible for us. Please pray for safety and freedom from glitches of any kind.

July 29—August 10 English Camp With Young People From Rockpointe Church in Calgary Alberta.

A team of 30 people will be coming with Blaine Sylvester, Director of Place of Rescue in Canada. For a whole week the focus of all the kids here will be on improving their English. Stories, songs, crafts, skits, and conversation will be a lot of fun for all. When the team returns to Canada, I plan to go with them for a 2 week holiday.

Oct. 18—Nov. 1 - Rescue Dancers to Canada

We are all so excited that our five oldest dancers will go to spend two weeks on a tour in selected locations in Canada. They will be spending many hours practicing their dances and English. We have their passports and the next task is to get visas for the 5 girls and 2 chaperons. Please pray that this will be easily facilitated. Pray for Blaine Sylvester as he plans advertising, tour locations, billets and in general manages things in Canada. If you would like to help us with expenses for this wonderful opportunity please contact Blaine at placeofrescue@shaw.ca

Baby Sarah To Canada

We continue to pray that the Lord will open the way for Sarah to be adopted by a family to Canada. She had her first birthday in June. We need the right family to adopt her. We need the Canadian authorities to allow the adoption in spite of the fact that in general adoptions from Cambodia to Canada are not allowed. We need the Cambodian authorities to allow us to choose the family for Sarah in spite of the fact that in general the authorities desire to make such a decision themselves. "Our God is greater. Our God is stronger. God you are higher than any other."

It has been our pleasure to have my grand-nephew **Chris Davis** here for 3 months to teach English. His body is leaving today but I think his heart is staying here. My grandson **Oliver Ens** has also been here for a few weeks and has brought me much joy. He also can't wait to return. Cambodia has a way of putting a hook in your heart.

Thank you for your friendship, for praying for us and for your gifts of support.

Marie Ens, for all of us at Place of Rescue
